Welcome to the Everdale Grange, part of the Langdale Care Homes Group.

We are well-established care providers and pride ourselves on delivering the highest standards of care, with a person-centred approach. We believe quality is not a compromise but an ongoing and never-ending commitment. Through a robust staff training programme and competency frameworks, we are able to consistently meet existing compliance requirements and our own high standards. The home has an internal audit system to monitor service levels and produces annual quality reports for the information of people who visit the home. The level of trust that we have built has been established both within and beyond our organisation by operating in an honest and transparent manner.

#### **OUR SERVICES INCLUDE (Primarily, but not limited to) NURSING CARE**

We provide 24-hour personal support to those residents with conditions that require round the clock specialised nursing care.

All Langdale Care Homes are dual registered for the provision of Residential and Nursing care.

Our nursing care specifically provides:

- Qualified registered nurses
- 24-hour expert nursing care
- Secure, relaxed, clean and homely environment
- Long and short-term nursing care options

#### **DEMENTIA**

All our homes are registered and specialise in the provision of dementia. All residents are treated as individuals and we tailor our care to each of our resident's needs, leading the way in person centred care.

For residents requiring dementia care, we provide:

- 24-hour personal support and assistance
- A secure, relaxed, clean and homely environment
- 24-hour expert nursing care by fully qualified, trained nurses
- Person-centred Activities delivered frequently; based on preferences and monitored by our Group Activities Coordinator to promote social well-being.

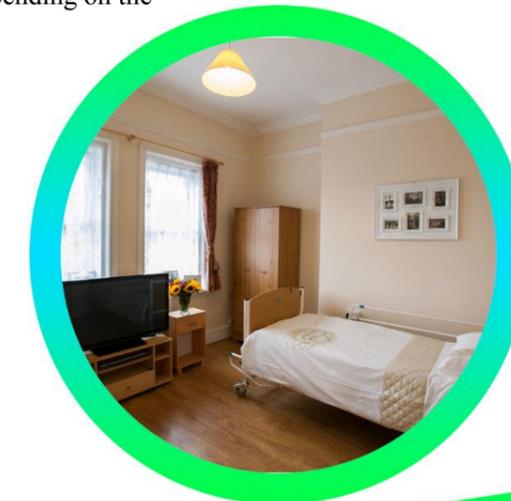

#### **SENSORY IMPAIRMENTS**

We provide care to those suffering from sensory impairment and our homes have been designed with visual impairment in mind. Trained staff are on hand 24/7 to communicate and help support those residents suffering with one or more sensory impairments in a secure, relaxed, clean and homely environment.

#### **THE OUTDOOR AREA AT EVERDALE**

The home has beautiful outdoor space including 2 court yards and ample space for service users to utilise at their own leisure. This also provides space for outside activities, particularly in the summer months. When each unit is sufficiently occupied, an activities co-ordinator will be allocated to that particular unit to facilitate individual activities.

The home also arranges external activities following a risk assessment depending on the activities planned.

#### **PHYSICAL DISABILITIES**

We are registered to provide care to people who have physical disabilities and are unable to look after themselves in their own homes.

- 24-hour expert nursing care
- Secure, relaxed, clean and homely environment
- Long and short-term nursing care options

#### **MENTAL HEALTH CONDITIONS**

In addition to dementia care, we are registered to provide care to people with mental health conditions. We provide individualised care and support of the highest standards to those who suffer with mental illness and have physical, psychological and social needs. Our operations are in partnership with Local Authorities and Health Associations to provide specialist short and long-term services tailored to meet the needs of our residents.

#### **HOME STRUCTURE/LAYOUT**

**WINDSOR WING** is a purpose-built unit, which was established in 1997 to care specifically for service users with complex nursing needs. It has 27 bedrooms for accommodation, 21 of which have en-suite facilities. All rooms are fully furnished with wardrobe, bed side cabinet (lockable), fire detection and nurse call system. Furthermore, aerial points are established in each room for personal televisions (on request for provision at an additional charge.)

We encourage individuals to personalise their rooms, in any way or shape they feel fit to make their relatives stay much more pleasurable and worthwhile stay.

Each floor has a large lounge /diner and the unit is equipped with a passenger lift to facilitate service users utilise the whole building.

**SOVEREIGN WING** is a state of the art, purpose-built unit that was added to the site in 2011. An 18-bedded unit, with virtually all our rooms having an en-suite facility. This unit is uniquely decorated with the client group in mind, particularly to meet the needs of those suffering with dementia. A Sensory room and plenty of communal space reinforce the suitability to such clients. All rooms are fully furnished with wardrobe, bed side cabinet (lockable), fire detection and nurse call system and wall-mounted, flat screen televisions. Sprinkler systems are in use in the corridors of the Sovereign unit and fully operational.

**TUDOR WING** Is a unit that opened in 2016 and is inter-linked to the Windsor Wing comprising of purpose designed bathrooms and a shower room. There is a total of 20 bedrooms, 3 of which are double rooms. Several of these rooms overlook the front or back of the building with panoramic views and a functional dining room through-lounge all designed with our resident's needs in mind.
